

Remarks/Arguments

A. Claim Objections

Applicant respectfully corrects one misspelling pointed out by the Examiner, and one other misspelling caught by the Applicant.

In the claims, on page 4, line 8 of claim 9, amend "buss" to "bus".

In the specification, on page 6, line 19, amend "buss" to "bus".

B. Claim Rejections under 35 U.S.C. §102(b)

Originally filed claims 1 through 9 were rejected under 35 U.S.C. §102(b) as being anticipated by Chandra et al. and Comerford et al.. Applicant respectfully has amended and clarified the claims to overcome all rejections, placing new and amended claims 2 through 5 and 7 through 14 in condition for allowance.

C. Conclusion

In view of the above, Applicant submits that each of the presently pending claims in this application is in immediate condition for allowance. Reconsideration and withdrawal of the rejections are requested. Allowance of claims 2 through 5 and 7 through 14 are solicited at the earliest possible date. Should the Examiner have any further issues to discuss which will move the application forward, please do not hesitate to call.

Respectfully Submitted,

THE JOHNS HOPKINS UNIVERSITY
Applied Physics Laboratory
